

Spanish AS Level Summer Preparation

Congratulations on choosing to study a language at AS level at John Kyrle High School and Sixth Form Centre. The best way to prepare yourself is to ensure that you have a firm grasp of the language and skills which you have already used at GCSE level. Thorough revision of these over the summer will make you more confident when you start the course in September and prepare you for a more independent approach to learning. You will need to be proactive in completing this introduction to Spanish by September. Do not leave it until the last week as language development happens overtime and not overnight.

Summer Preparation Task Booklet

How to prepare for Spanish at AS level:

You have a few weeks in which to really prepare for your AS in Spanish. The leap from GCSE to AS level is significant. This booklet contains links to a range of media, most of which is available free online as well as tasks to complete before September. In order to keep pace, it is vital that you work through the tasks. Little and often is better than cramming! Try to build some of them into your daily routine.....

You can also access the TV using:

- Your own TV. If you get Euronews, you can put it into Spanish by pressing the red button.

The great thing about listening to the radio is that you can get on with something else at the same time. Listen by going to <http://www.listenlive.eu/spain.html> or

Memrise

Students who use Memrise regularly tend to access the exams far easier than those who do not.

Please go to Memrise – create an account if you do not have one.

Search jkhssal and then you will see 12 sp. All of the modules for year 12 Spanish are on there. Get a huge head start by getting as many points as possible. This will be your best friend in year 12 at is has all of the vocabulary currently stipulated by the exam boards (even though they are within their rights to go outside of this vocabulary). You will find the transition into A level easier with the use of Memrise. I will be checking leader boards regularly over the summer.

Topics will be added over the summer to help you!
